50% payout to winner/s. (Determined by participation)

Check out & like our Facebook Page "Holiday Shores Poker Run by Boat"
Call Karla at 581-3163 for more information

Tiki Bar Bass Club held The Garrett Steele Memorial Kid's Fishing Derby on May 18. We had 44 kids that came to fish divided into 4 divisions, boys 11-15 & 10 & under and the same with the girls. In the girls 11-15 Lucy Hull was are winner, in the 10 & under our winner was Zoe Goff. In the boys 11-15, Tyler wood was the winner and 10 & under was Lyric Payton. Phantom Fishing (Andy Paschedag) awarded hats to all division 1st, 2nd and 3rd places. The overall biggest stringer winners Lyric Payton & Lucy Hull also received tackle packs from Phantom Fishing. Gilliganz Bar & Grill provided all the fish & fries that the club members fried up after the derby and Holiday Shores Marina made sure all the kids had cold water & soda. Thanks to Holiday Shores Fire Department for bringing down the fire truck for the kids. Also we want to thank everyone that donated to the Garrett Steele Memorial Fishing Derby.

BIG BASS TUESDAY IS BACK!

Big Bass Tuesday makes its return to Holiday Shores Marina for the second session . The format remains the same as last year with a \$20.00 entry fee per fisherman and a one fish limit. The bass must measure 15 inches to take to weigh in. We'll be fishing every Tuesday from 5:30pm- 8:30pm though September 24. To qualify for the championship you must come in 1st or 2nd in one of the Tuesday night tournaments. Visit the Tiki Bar Bass Club Facebook page for more information. We have a new email if you have any questions: tbbchs@gmail.com.

TOURNAMENT RESULTS

April 14

1st - Bill Niesciur 10.79 lbs.
2nd - Mark & Mitch Dowdy 10.36 lbs.
Big Bass - Bill Niescuir 5.70 lbs.

April 20

1st - Kevin Sanderson & Jay Schmidt 16.61 lbs.
2nd - Jason & Stacy Zemke 10.70 lbs.
3rd - Nathan & Terry Bowers 8.93 lbs.
Big Bass - Jay Schmidt 4.90 lbs.

May 11

1st - Alan Boeser & Cody Le Gate 14.14 lbs.
2nd - Brandon goff & Doug Rea 12.98 lbs.
Big Bass - Alan Boeser 5.34 lbs.

April 30

1st - Matt & Tanner Ressler 16.85 lbs.
2nd - Alan Boeser & Cody LeGate 11.43 lbs.
Big Bass - Matt Ressler 6.00 lbs.

May 5

1st - Kevin Suttles & Paul Worthey 14.46 lbs.
2nd - Austin Ressler & Skyler Agles 12.06 lbs.
3rd - Philip Tate & Shaun Higgins 10.36 lbs.
Big Bass Paul Worthey 5.83 lbs.

May 19

1st - Austin Ressler & Skyler Agles 14.49 lbs.
2nd - Adam Ohms & Jacob Greco 12.31 lbs.
Big Bass - Austin Ressler 5.03 lbs.

Veterans Day Tournament

1st - Alan Boeser & Kyle Boeser 11.19 lbs.
2nd - Austin Ressler & Skyler Agles 10.48 lbs.

Manager's Report *by Rob Clarkson*

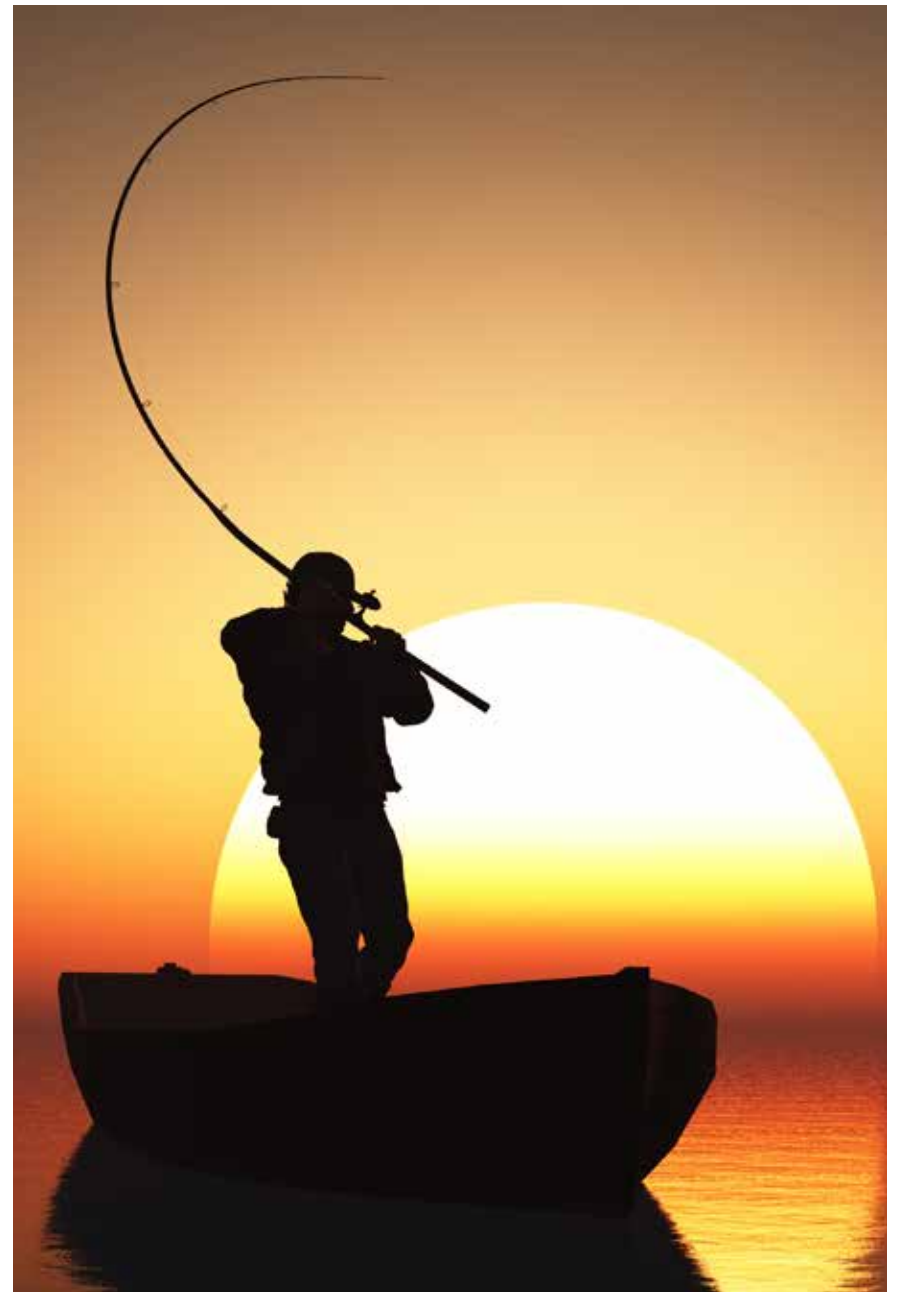

The Lake remains at full pool and our water quality is excellent. The busiest Holiday for our lake is quickly approaching. As we all head out to watch the fireworks on the lake lets be sure we have gone thru all the lighting on our watercraft. Navigation and anchor light are required after sunset by state law. Docking lights are only permitted to be used when docking not when traveling on the waterway. These bright lights make it difficult or even impossible to see the navigation lights of your vessel and create a dangerous environment for all when used incorrectly.

Our community has a 25 MPH speed limit with exception of St. James and Dam Rd. We also have Stop signs which need to be obeyed. Many of our residents are walking their pets, children are riding bicycles, and others simply out for a stroll. Our community should be a safe environment for all to enjoy without the worries of an errant driver changing their lives forever. Madison County will be patrolling our roads to ensure compliance.

The hard work our Maintenance Dept has done to improve our "Green Space" is evident now. Help us save maintenance costs by not driving into these areas when the ground is wet and by putting your trash in the receptacles. Please be respectful and give room on the roadways while they repair our roads and culverts.

Fence, Shed, Pool or perhaps a new home in your future? Don't forget your building permit. Building committee meets every 1st and 3rd Tuesday of the month to

approve your plans. Drop off plans early and attend the meeting to avoid any delays. Board of Directors meetings are held 2nd and 4th Wednesday of the month at 7:30 pm in the clubhouse ballroom.

REMINDER

2019 Dues & Assessments are due January 1st.

They can be paid in increments of:

\$236.00 January 1st

\$237.00 March 1st

\$237.00 May 1st

Late charges are assessed on the 10th of every month.

BOAT DECALS

2019 Boating decals are a Mint Green color. If you can not wait to be the first on the lake with your 2018 boating decal, bring in to the office a copy of your registration and proof of \$300,000 liability insurance as soon as your 2019 Dues & Assessments are paid in full. There will be three types of decals this year, Motorized, PWC and Non-motorized.

Ski Club Presents

Ski Show

July 4th 12-2 PM

At the Club House

WHO YA GONNA CALL.....

Holiday Shores Garden CLUB NEWS

The Garden Club would like to thank the following residents of Holiday Shores for welcoming our club members to their homes on June 17th, to view their beautiful gardens and yards. To avid gardeners, it is always inspiring to see how others have developed unique decorative ideas and designed their gardens with a variety of plantings adaptable to this area. Hosts this year were: **Steve & Donnell Campbell; Mike & Kim Unfried; Joe & Mary Blackburn.** The tour concluded with refreshments and a brief business meeting at the home of one of the Garden Club members.

On **Monday, July 15th**, the Garden Club will enjoy the lake with friends and neighbors as they gather for a fun evening on the water. The group will meet at the clubhouse at **6:00 p.m.**, and board the boats for the annual pontoon ride and lakeside garden tour around beautiful Holiday Shores Lake. After the relaxing cruise, the group will have a potluck salad/dessert supper, followed by a brief business meeting. We welcome guests to join us!

Our gardening efforts continue each month, plus we added an extra “mulching day” in early June. Some willing volunteers started early on a Saturday morning in June to assist in spreading the needed plant protection at Gate M main gate and Gate A water-fall. These monthly work days are a commitment made by all members of the Garden Club to fulfill their mission... “to concentrate on the beautification of the community”.

Happy 4th of July!

Garden Tip for July

Trees and shrubs want to drink heavily to get through the summer heat and prepare for winter dormancy. Mulch about 4” deep around your trees, but not contacting the bark.

Fireworks and Pets

EASING YOUR PET'S FOURTH OF JULY STRESS

Did you know...

- Many animals are extremely frightened and stressed at the sight and sound of fireworks.
- Animal control officials across the country see a 30-60% increase in lost pets each year between July 4th and 6th.
- July 5th is one of the busiest days of the year for shelters.

HOW CAN I KEEP MY PETS SAFE AND LESS STRESSED THROUGH THE FOURTH OF JULY HOLIDAY?

Designate a "safe space" in the home for your pets to retreat during the festivities. Play soft music for them.

Play calm music at a low volume to block out some of the outside noise.

Distract your pets with play time and treats if they are pacing or displaying nervous behavior.

Make sure your pet has current ID tags with up-to-date contact information.

GARDEN CLUB NATIVE PLANT COMMUNITY GARDEN

North End of Lake - Biscay Drive

Garden Club continues to seek community volunteers to assist with the Native Plant Community Garden. We need you to sign up to work with us and others at this garden to beautify the north end of the lake. Do you want to see more butterflies, songbirds and pollinators? Do you wish your vegetable garden was producing a better yield? The H.S Garden Club has one answer... more Native Plants!!! With a better food supply and beneficial insects, the birds will come and our flowers and vegetables will be pollinated.

Our work days are the third Saturday of April -Oct 8-9am
A time commitment of just one hour per month will make a huge impact. Please consider adding your name to our list of volunteers for this project.

FIREWORK SAFETY TIPS

LEAVE FIREWORKS TO THE PROFESSIONALS

- The best way to protect your family is to not use any fireworks at home. Instead, attend public fireworks displays and leave the lighting to the professionals.
- If you plan to use fireworks, make sure they are legal in your area.

BE EXTRA CAREFUL WITH SPARKLERS

- Little arms are too short to hold sparklers, which can heat up to 1,200 degrees. How about this? Let your young children use glow sticks instead. They can be just as fun but they don't burn at a temperature hot enough to melt glass.
- Closely supervise children around fireworks at all times.

TAKE NECESSARY PRECAUTIONS

- Do NOT wear loose clothing while using fireworks.
- Never light fireworks indoors or near dry grass.
- Point fireworks away from home and keep away from brush, leaves and flammable substances.

BE PREPARED FOR AN ACCIDENT OR INJURY

- Stand several feet away from lit fireworks. If a device does not go off, do not stand over it to investigate it. Put it out with water and dispose of it.
- Always have a bucket of water and/or fire extinguisher nearby. Know how to operate the fire extinguisher properly.
- If a child is injured by fireworks, immediately go to a doctor or hospital. If an eye injury occurs, don't allow your child to touch or rub it, as this may cause even more damage.

Holiday Shores Board of Directors Meeting

Date: May 8, 2019

Attendance

Board Members

Present: Dave Decker, Steve Yates Jr., Shaun Diltz, Tony Harris, Matt Ressler and Anthony Harrell.

Excused Absence: Ali DeVries

Quorum Present: Yes

Others Present

Rob Clarkson, Rob Frey and Megan Jackson from the Holishor Office.

Holishor Members Present: 6

Proceedings

Meeting called to order at 7:30 PM

Pledge of Allegiance Recited

Minutes of April 24th, 2019

Steve Yates Jr. – Motions to approve the minutes as amended.

Matt Ressler – Seconds.

All in Favor.

Motion Carries.

Transfers of Property

There is one transfer of property. There is one house with one triggered initiation fee.

Bills & Salaries

Steve Yates Jr. – Motions to approve Bills & Salaries as submitted.

Shaun Diltz – Seconds.

All in Favor.

Motion Carries.

Profit & Loss

Submitted for Review

Manager's Report

Read by Rob Clarkson

Public Safety Report

Read by Rob Frey

Treasurer's Report

February 28, 2019

Steve Yates Jr. – Motions to approve the Treasurer's Report for February 28, 2019 as submitted.

Tony Harris – Seconds.

All in Favor.

Motion Carries.

March 31, 2019

Steve Yates Jr. – Motions to approve the Treasurer's Report for March 31, 2019 as submitted.

Tony Harris – Seconds.

All in Favor.

Motion Carries.

April 30, 2019

Shaun Diltz – For April you will see a two year CD maturing on May 24th. The First Bank of Indiana has a comparable interest rate, everything else is second or third. Like we did for TAI Bank from last year, they will send us a check for whatever is over the \$100,000 and then roll \$100,000 into a five year CD. Also, that City Bank of Commerce three year CD that we have, the interest rate on it is higher than the four and five year. That is because they allowed us to bump it at one point year so that is making more interest than the four and five year plan. Over the course of two or three years we were allowed to do that, it's going to make us a chunk of money.

Dave Decker – With the last rollover we had some questions about how to book that check that we received. Have we identified how we are going to do that before we book it to eliminate any confu-

sion.

Steve Yates Jr. – Motions to approve the Treasurer's Report for April 30, 2019 as submitted.

Tony Harris – Seconds.

All in Favor.

Motion Carries.

Old Business

Mowers Delivery Update

Rob Frey – The Association has taken delivery of the mowers that we ordered, one zero-turn and one finish mower for our larger lots. That particular mower is working out excellent as well as the other one. We are definitely using them a lot right now.

Fireworks

Dave Decker – The contract for the fireworks display was delivered to us at the last meeting and gave us the opportunity to read it for this meeting. The summary of it is our standard \$16,000 for display on July 4, 2019. If we sign the three year extension they will give us 15% product bonus. They offer different payment plans, if paid all up front we would get an additional product as compared if you paid half up front and half after delivery of service. Historically, we have paid half up front and half after service just because as a common business practice.

Tony Harris – Have we ever had any issues with them?

Dave Decker – The only issues we have ever had is the concern regarding clean-up of the area and who's responsible for what. As far as delivery, no. One of the things we are going to have to do is decide on a rain date.

Anthony Harrell – Isn't July 7th in the contract?

Dave Decker – Payment option. What do we want to do?

Shaun Diltz – I would be fine with the half and half.

Matt Ressler – I agree with that.

Tony Harris – What issues do we have with clean-up? If they have been doing this for a number of years, wouldn't we would know what to expect?

Dave Decker – I know back in the years we have had issues. I don't think we have in any recent times but I just know that it has been brought up in the past. Rob, any recent complaints about clean-up?

Rob Frey – No, the company has done a phenomenal job cleaning up the past few years.

Tony Harris – If there hasn't been any issues with delivery or clean up, wouldn't we want to pay for it all up front to get the extra product?

Dave Decker – My personal opinion is if I'm having someone do the work for me I would never pay them all upfront. No matter the great reputation they have or how many times they work for me.

Shaun Diltz – Motions to approve to purchase half of the fireworks up front and half after delivery.

Matt Ressler – Seconds.

All in Favor.

Motion Carries.

Steve Yates Jr. – Motions to approve the three-year contract for the fireworks display.

Matt Ressler – Seconds.

All in Favor.

Motion Carries.

New Business

2019 Road Plan/Ditching

Rob Frey – What we have proposed for the 2019 Road Plan is doing some repair work with the patch machine on all of the roads. We are going to pay specific attention to Clover, Tamarach, Nassau and Westview, those will have more work done this year with storm water drainage and resurfacing, those places we will rebuild the road edges, replacing cross street culverts as needed to allow proper drainage. Tampico and Sextant will get a third coat of chip and seal which last year they had two coats. Spot repairs on Nassau with hot patch and asphalt along with chip and seal to sustain that for the rebuild in 2020. We will take out failed sections on Westview and south end, repairing with hot patch machine. Direct water off of the road way by fixing cross road culverts running perpendicular to the road. Excavate ditching below grade from the water surface to direct water off of the road way out of the subdivision. Replacing culvert pipes on the roadway as needed to obtain positive results from the ditching project. Our goal right now is to clean and scrape out every cross street culvert in the subdivision to clear brush or anything in front of those inlets and outlets along with adding rip rap if needed.

Dave Decker – Say that again?

Rob Frey – There are a few cross street culverts that have worn out and missing rip rap. They have brush and small trees growing at the inlets or outlets. Quite a bit of sediment has been found in these culverts so that needs to be cleaned as much as possible.

Dave Decker – In the entire subdivision?

Rob Frey – Yes. It has been an ongoing maintenance issue.

Dave Decker – I agree with it. I'm just trying to figure out how you are going to get that done.

Rob Frey – It's going to be tough.

Dave Decker – Are you just creating little ponds at the end of them because we don't have drainage all the way down to the ends.

Rob Frey – One of the reasons they are silting in is because it does not have proper drainage down stream. My feeling is if we have those culverts cleaned, we would be able to identify the problems down stream whether it is the culvert or the ditching. Either one of those scenarios, they are holding water.

Dave Decker – I just didn't see that on this document that is why it took me by surprise.

Rob Frey – Understood.

Anthony Harrell – When you say rebuild our road edges, what does that mean?

Rob Frey – On the road edges, you see a lot in neighboring communities that the side of the road is broken rock. The road edge itself is ponding and holding water. The road edge itself is breaking away, there is not as much road structure there so we will remove the broken surface and replace that with chip and seal. If it is too far gone then we will just rebuild it, put in a new base and chip and seal on top if it. The goal is to strengthen it up.

Dave Decker – When you talk about cleaning the culverts, how are you planning on doing that? What method do you plan on using?

Rob Frey – Water jetting pumps, hoses and culvert scrapers, which are made to clean out these culverts.

Dave Decker – Do we have that equipment?

Rob Frey – Yes we do.

Rob Clarkson – There had been a few identified problems where we had to clean it out already. Seems to work well.

Rob Frey – You are correct, Dave, it is not on the document but it is more of a general maintenance task.

Dave Decker – It is not something we have historically done. So I would say it needs to be documented since that is part of our road work and ditching work. I'm glad you brought it up. I'm not putting it down at all, I'm just trying to understand. The resurface that you have labeled, we have a lot of different versions of resurfacing. What type is that?

Rob Frey – This would be your normal chip and seal. We would use a hot patch machine first and then chip and seal over it.

Dave Decker – So no rebuilds at all?

Rob Frey – Not identified right now, no. I really don't see where a rebuild is possible.

Dave Decker – Just clarification is all. I'm glad to see us doing more

work on drainage. What I do not understand is how many culverts we planned on doing. I looked at the list of how many culverts on this document and there is three different lists of culverts with costs associated with it. When I added that up that is a lot more money then what you had in your proposal.

Rob Frey – I found these numbers from the ten-year road plan by Heneghan.

Anthony Harrell – One of the culverts on Clover was replaced two years ago.

Rob Frey – If it was recently replaced it will still be inspected but should not be on the list.

Steve Yates Jr. – The numbers that came from Heneghan probably reflected a difference in grade, heights of the road, edging and different culverts. I think you could find some savings in these numbers.

Rob Clarkson – These numbers from Heneghan also include them being here to oversee the job. That is why they are so inflated or at least I'm hopeful of why they are so inflated.

Dave Decker – The goal we had set at the last meeting was for you to get something together for a high level plan so we can at least look at the direction you planned on going and for us to see if there are any concerns. Does the Board have any concerns, are we looking at the right things?

Shaun Diltz – We are looking in the right area and the right things.

Dave Decker – Does anybody see things we need to address in addition or redirect? The next step would be a more detailed plan put together. This is a good step. You had estimates here from an engineering firm, can you tell us more about that?

Rob Clarkson – I had called Crawford, Murphy & Tilly and invited Heneghan to bid a plan on drainage and road improvements. We are getting water from out of the subdivision so I figured we would start at the lowest part of the subdivision which is the south end and Heneghan said they do not compete for professional business. This company reached out and gave us two options. Option one was to completely stake out the job so a contractor would come out and review the job. That option was higher because of the hours they would have to come out and multiple job visits. Option two was doing this by GPS which was half of the price.

Shaun Diltz – I would see what the precision accuracy would be with the GPS method. It doesn't hurt to ask and find out.

Open Floor

Dave Decker – When I was reading the minutes from the last meeting about the silt stuff off of Jamaica that would access through our

lot that we own down there. We need to consider keeping that lot so we remain having that access.

Shaun Diltz – Can we just turn it into green space? **Dave Decker** – Yes.

Matt Ressler – Motions to take the Jamaica lot off of the market and consider it a green space.

Shaun Diltz – Seconds.

All in Favor.

Motion Carries.

Bob Brakane, 537 – You have been talking about ditching and drainage, if you head up Prairietown Road by Possum Hill Road, the county just cleaned all those ditches out and went down Possum Hill. They did a fantasic job and was done all by transit and back-hoes. With all this rain the water is draining quite nicely. The two beam underneath Possum Hill on the north end is bad and they have it marked. They did not want to close the road while school is still running but a few weeks from now they will be doing that work.

Steve Yates Jr. – Motions to adjourn to Executive Session.

Matt Ressler– Seconds.

All in Favor.

Motion Carries.

Meeting adjourned at 8:15p.m. to Executive Session.

Meeting minutes submitted by Megan Jackson.

 Holiday Shores

FAMILY MOVIE NIGHT

God's Best

In the Bible gospel of Matthew 5:45, it says, "He causes his sun to rise on the evil and the good, and sends rain on the righteous and the unrighteous." (NIV) One of the Bible paraphrases puts it this way... This is what God does. He gives his best — the sun to warm and the rain to nourish — to everyone, regardless: the good and bad, the nice and nasty. (the MESSAGE)

God IS very kind to us, isn't he? He gives rain and sunshine, life and family, pleasures and fun. He does that for his friends AND his enemies. He is kind to both. We are not like that. If we were God, in charge of when and where it rained, perhaps we would not send rain on the evil man's garden. But God is not like that.

In fact, right now you may be ignoring him or even hating him for some reason, but he still reaches out to you with his kindness. Even now he invites you to reserve a place so that you can live in his heaven with him forever, a place of eternal love and happiness.

He desires to forgive your sin and begin a work in you that will make you an incredible spiritual being for all eternity. You can have his forgiveness and peace FREE, at no cost. If you would like to discuss this further, call Pastor Rob at Holiday Shores Baptist, at 618.377.7729.

BOATING IN COMPLIANCE

Legal Compliance – “All watercraft operated on Holiday Association Lakes must adhere to and comply with state and federal laws as stated in the Illinois Registration and Safety Act.”

Speed Limit – “The maximum speed of any watercraft operated on Holiday Lake shall be 55mph or as defined in the Reckless or Careless Operation section of the Holiday Shores Boating Rules. Operation of said watercraft shall be in a manner that does not create an exaggerated wake. Intentionally ‘plowing’ or ‘pushing water’ at speeds greater than no-wake, but less than those typically maintained while ‘on plane’ is not permitted.”

Watercraft/Registration – “All watercraft being operated on Holiday and Su Twan Lakes must have a current state registration decal and numbers, one/current Holiday Shores decal, and lot numbers affixed.”

Operating Age – The minimum age to operate watercraft on Holiday Lake is 12, providing the individual has passed a state certified boater safety class. Individuals between the ages of 12 and 18 must possess a valid boater safety card to operate watercraft, unless under the direct supervision of a member or a person over the age of 18, who has member consent.

Watercraft Limit – No member shall have more than three motorized watercraft registered to the same membership in operation at one time.

Size Limit – All watercraft being operated on Holiday Lake except pontoon boats with tubular bottoms, are limited to 22 feet in length. Pontoons are restricted to 28 feet.

Traffic Pattern – All watercraft being operated on Holiday Lake must follow a counterclockwise direction of travel, similar to that of operating a motor vehicle on the roadway.

Boating Hours – Boating on Holiday and Su Twan Lakes is permitted 24 hours a day, but watercraft are restricted to No-Wake speeds from sunset to sunrise.

Noise Level Limit – No watercraft may be operated on Holiday or Su Twan Lakes in a manner that exceeds a noise level of 75 decibels. This restriction includes inboard/outboard motors, stereos, etc.

Restricted Areas – No watercraft shall be operated in any manner except prescribed for areas marked No-Wake, Swimming Area, etc. Holiday Lake is considered No-Wake when the lake reaches 9” above full pool and 16” below full pool.

Reckless or Careless Operation – Careless: No watercraft shall be operated in a manner that puts any person or property in danger or at a rate of speed that prohibits the driver from stopping the craft within a safe distance. Reckless: No watercraft shall be operated in a manner that willfully and wantonly puts life, limb, or property of another person in danger. This restriction applies to actions such as weaving through traffic, jumping wake when visibility is obstructed, following too close to skiers, playing ‘chicken’, or passing another craft in a manner that produces a hazardous wake/wash. This restriction also applies to the misuse of water skis, wake boards, or other devices.

Water Skiing – Water skiers, wake boarders, tubers, etc. may not be towed without at least two competent persons in the tow boat, to observe the individual(s) being towed and provide assistance if distressed/injured.

Distance – Operators must keep a safe and reasonable distance between their craft and other lake users, such as swimmers, downed skiers, fishermen, etc. They must also maintain a distance of 75ft from shore when making a wake. Seventy-five-foot markers have been replaced with new, larger white/blue buoys.

Orange Flag – Operators are required to display a bright orange flag on their vessel any time they have a skier, tuber, wake boarder, etc. in the water. The flag must be a 12 inch by 12 inch square and affixed to the highest point of the craft, such as a ski tower or pontoon top.

Racing – Racing of any watercraft on Holiday or Su Twan Lakes is prohibited.

Power Turns – Power Turns (also referred to as 180s or 360s) are permitted as long as the following criteria are met: 1.) Craft is not unreasonably close to another craft, causing it to swerve or take evasive action to avoid a collision. 2.) Not done in a manner that causes the driver and/or passengers to be thrown from the craft. 3.) Not done in a cove or in a manner which causes a nuisance to another member.

Engine Cut-Off – All watercraft (prop-driven and PWC’s) equipped with an engine cut-off device may not be operated unless the device is properly functioning and it’s lanyard is securely attached to the driver.

Medic Minute – Water Safety

Not including boating incidents, on average, about ten people die from drowning every day in the U.S. Some sobering statistics include: drowning deaths continue to be the second leading cause of preventable deaths through age 15, boys younger than 15 die from drowning at twice the rate as girls, approximately 830 children ages 14 and under drown every year with an average of about 3,600 injuries a year occurring due to near-drowning incidents.

Important safety tips to remember:

- Always supervise young children and those who can't swim – it only takes a moment for the unthinkable to happen.
- Don't let children play around drains and suction fittings.
- Don't go in the water unless you know how to swim – lessons are available for all ages.
- Never swim alone.
- Learn CPR and rescue techniques.
- Always have a first aid kit and emergency contacts handy.
- Make sure the body of water matches your skill level – swimming in a pool is much different than swimming in a lake or river where more strength is needed to handle currents.

• If you do get caught in a current, don't try to fight it, stay calm and float with it, and swim parallel to the shore until you can swim free – remember that even rivers and lakes can have undertows.

- Swim in areas supervised by a lifeguard but don't let your guard down.
- Don't push or jump on others
- Don't dive in unfamiliar areas – murky water can be hiding shallow areas or rocks.
- Never drink alcohol when swimming – alcohol is involved in about half of all male teen drowning deaths.
- When boating, make sure everyone is wearing U.S. Coast Guard-approved life jackets.

If someone is too far away for them to reach with an oar, fishing pole or similar object, throw a life-ring or other flotation device for them to grab a hold of. Do not get into a situation where you need rescuing also. Watch for signs that a person is in trouble, such as suddenly becoming very quiet or if they have their head lifted up with just the face showing – they can't usually call out for help as they are trying to keep their face above water and breathe. Also remember that even bathtubs, toilets and buckets can pose a danger for very young children. Always practice proper water safety to ensure the safety of yourself and others around you.

Firefighter's Footnote

May and June have been active months for Holiday Shores Fire Department. Thank you to everyone who attended our annual Fish Fry fund raiser and helped to make it a great success. We sold a lot of food and had a great time. We donated our proceeds of \$440 from our 50/50 raffle to Backstoppers in memory of Cpt. Jake Ringering. Thanks again to the Garden Club for sprucing up our front area. Over the past couple months

we've had training on our basic pump operations, helped at the Kids Fishing Derby, held a class for CPR/AED certification, had our annual SCBA mask fitting, and held our Rural Tender Ops along with our Water Rescue. Saturday June 1 was the annual community Yard Sale where we handed out maps and sold food and drinks. The last weekend of May marked the beginning of the summer season here at Holiday Shores and since children are out of school, remember to watch out for bicycles and pedestrians. Also practice safe boating whenever out on the lake.

We had 29 calls in May and June: 26 EMS related runs, two lift assists and one run to check on an alarm. We have 24 active volunteer firefighters on our roster and five probationary candidates. We would like to thank Aaron Bricker for the past three years of service. He retired at the end of last April to join the Army and we wish him the best.

We would also like to recognize Safety Officer Dana Blotevogel who ran his 2000th call in April! He has 29 years of volunteer service with HSFD and we congratulate him on his many years of service to his community. You don't have to plan on serving as long as Dana to help out with the fire department. Volunteers for any length of time are always welcome. See us every Monday evening from 7-9pm (except Memorial Day). Follow us on Facebook or check out our website at www.hsfd.org. We look forward to seeing you.

SWIMMING LESSONS

DATES: JULY 8, 10 & 11

TIMES: Beginners 6pm – 7pm, Advanced 7pm - 8pm

WHERE: Votruba Beach (Main Beach at Clubhouse)

COST: \$18/Member and \$40/Family of 3 or more

**LIMIT OF 20 STUDENTS. MUST HAVE COMPLETED KINDERGARTEN
(OR 6 YEARS OLD) IN ORDER TO ROLL.**

SWIMMING LESSONS REGISTRATION FORM

Please remit the following registration form and appropriate fees to the Holishor Office by no later than July 3rd. Class size is limited, so early registration is advised. It is recommended that all participants wear T-shirts in the water. All members registered for the class should attend the first session on July 8th at 6pm to be tested and placed in the proper skill level. If you have any questions, please call the office at 618-656-7233 EXT 4.

BEACH AND SWIM SAFETY

HOLIDAY SHORES REGULATIONS

1. Beaches located within the Association are restricted to members and guests only.
2. Glass bottles, fires, pets and food are prohibited from the beach area.
3. Persons under the age of 16 are allowed swim: if being escorted by an individual 17 years of age or older or there is a lifeguard on duty.
4. During each shift, a lifeguard is allowed a ten-minute break every hour, during that time, swimmers must exit the water.
5. Holishor Association Inc. is not responsible for one's personal items, nor any personal injury sustained while using Association facilities (water, beach, grounds, etc.)

IL DEPT. OF PUBLIC HEALTH REGULATIONS

1. Beach water is not intended, nor fit, for human consumption. Do not swallow beach water.
2. Beach admittance may be denied to individuals having:
 - Contagious diseases
 - Infections (foot infections, ear infections, vomiting, diarrhea, inflamed eyes, unhealed abrasions or lacerations, skin lesions, or bandages of any kind.
3. Persons under the influence of alcohol or behaving erratically will be denied access/removed from the beach.
4. No food, drink, gum or tobacco products are permitted in the swim area.
5. The use of glass containers is strictly prohibited.
6. Children who are not toilet trained must wear tight fitting plasticized/rubber swim pants.
7. Swimming alone is discouraged.
8. Diving in shallow water is prohibited.
9. Personal conduct that endangers the safety of ones' self, or other beach patrons, is strictly prohibited.
10. Swimming is permitted between sunrise and sunset, except during the times of thunder and/or lightening. Swimmers are required to exit the water during these conditions and remain out for a minimum of 15 minutes following the last detection of thunder or lightening.
11. Pets are prohibited from the beach area.
12. Beach patrons are not permitted to feed local wildlife or entice them to stay in the area. Wildlife harassment is also strictly prohibited.
13. Measures taken to protect ones' self from the sun, such as sunblock, beach umbrellas, etc. are strongly recommended.
