MEMBERS. HOLISHOR BOAT DECALS FOR THE CURRENT YEAR MUST BE PRESENT ON YOUR BOAT. ALWAYS!

This is a generalized list from [www.dnr.illinois.gov](http://www.dnr.illinois.gov)  
 Please refer to this website for more information about boat registration & renewal and Illinois boating courses.

# Manager's Report by Rob Clarkson

Spring is around the corner and we will be going into the typically rainy season with a lake that is at full pool. Be mindful when applying fertilizers or herbicides that you stay 25' minimum from waters edge. Fertilizers will promote algae growth and Herbicides can have a negative effect on our water supply which also could affect the eco system of our aquatic asset negatively.

Spring is also a great time of year to get out and start cleaning up our property. My staff will be out looking for neglected, unkempt properties and derelict vehicles. Our By-Laws and Rules require residents to keep their property orderly and vehicles licensed or out of the view of the membership. Keeping up with the exterior of our homes not only helps maintain our home values but makes our neighborhood desirable to potential buyers. Yard waste can be burned between sunrise and sunset while attended however NO Construction material is allowed to be burned. Attended Bon-Fires are allowed.

Dues and Assessments final installment is due May 1st. Members who may have difficulty staying current with this requirement should contact the office and communicate with us any special needs.

Outdoor activity is increasing in our community. Soon it will be commonplace to see members walking pets, children riding bikes, and our maintenance crew out repairing our roads. Let's keep them safe and keep our vehicles within the 25 MPH posted speed limit. You will also see new stop signs placed throughout the community. Please obey the rules of the road as they pertain to all your vehicles and toys being driven on our roadways.

## 2021 ASSESSMENTS

## DRAWING WINNER

## JOHN B. SCHULTE

## NEW MARINA CABLE KEY

New marina cable keys will be available May 1. Public safety will be at the ramp on Saturday, May 1 & Sunday, May 2 from 9am-5pm each day with the new keys. Bring your current marina cable key and swap it for your new key. If you do not have a current key the new key will be \$3.00. They will also be available in the office starting Monday, May 3.

## 2021 BOAT DECALS

2020 boat decals expire on April 30.

You must have your 2021 decal displayed on your boat.

Boat decals are available in the office when your

2021 Dues & Assessments are paid in full.

## MEET THE CANDIDATES

### RUNNING FOR THE HOLISHOR ASSOCIATION BOARD OF DIRECTORS

*Meet all the candidates at once,  
ask questions and hear the opinions of  
future board members regarding pressing  
issues in Holiday Shores.*

## FRIDAY APRIL 16

starting at 7:00 pm in the  
Clubhouse Ballroom  
#1 Holiday Point Parkway

# Holishor Association Board of Director's Minutes

**Date:** February 10, 2021

**Board of Director Attendance: Present:** Anthony Harrell, Tony Harris, Jerry Allen, Matt Ressler, Dan Hopkin, Brian Wood

**Excused Absence:** John Crotty

**Others Present:** Rob Clarkson, Rob Frey and Karla Suttles from the Holishor Office

**Holishor Members Present:** 5

**Proceedings** Meeting called to order at 7:31pm Pledge of Allegiance recited

**Meeting Minutes – Minutes of January 27, 2021**

**Jerry Allen** - Motions to approve the minutes as amended.

**Tony Harris** – Seconds

**All in favor**

**Motion carries**

**Transfers of Property** We had 4 transfers of property which 3 triggered initiation fees.

**Tony Harris** Makes a motion to approve Bills & Salaries as submitted

**Matt Ressler** Seconds

**All in favor**

**Motion carries**

**Profit & Loss**

Submitted for review.

**Manager's Report**

Read by Rob Clarkson

**Public Safety Report**

Read by Rob Frey

## Old Business

### Roadway Improvement Proposal

**Anthony Harrell** Jerry you want to give an update on that. **Jerry Allen** The committee is working on determining the actual end cost for each member on the property that they own. They're working on that right now. There's 2100 to go through so we hope to have it done by the end of the end of February.

Brought Buyers

1821 Port Lane \$341,000

1080 & 1081 Barbadoes  
2 lots - \$22,000

**Anthony Harrell** Rob supplied us with basically an overview of the five-year program. And the dollar amount on this is \$58,902. So all the roads that are going to be addressed in 2021 are highlighted in blue and the total for resurfacing those roads is \$58,902.48. **Rob Clarkson** That's estimated on last year's price. Just so you don't hold me to that. **Anthony Harrell** Oil prices might be a little different than they were this year. So it may change a little bit, but we have roads that we're going to address and an approximate number. So we just need to basically take a vote on this and approve the road plan for 2021. **Tony Harris** Makes a motion to approve the \$58,902 for the spending for the roads in 2021.

**Matt Ressler** Seconds

**All those in favor**

**Motion Carries**

## 2021 Revised Budget

**Anthony Harrell** Tony's put together some revisions for us. Tony, you just want to review. **Tony Harris** So you guys have a copy of that one. The biggest revisions are we had a \$246,000 carryover from last year, we've allocated that mainly to the same categories that it came from last year, which is \$35,000 for the restaurant and then a number of small items, the fish stocking carryover that we haven't spent yet, new marina keys, stop signs, and then \$131,000 for roads. That \$131,000 offsets the \$91,000 we had budgeted to pull out of reserves. With the carryover we don't have to do that this year, so we'll leave that \$91 in reserves, and we'll fund our road plan with the carryover. That's the bulk of it.

**Tony Harris** Makes a motion to approve the revised budget.

**Matt Ressler** Seconds

**All in favor**

**Motion carries**

## Correspondence

**Anthony Harrell** We have a letter from Elissa Almeter requesting to use the Shores clubhouse to have their Daisy Girl Scout meetings. Anybody have any comments or questions? **Tony Harris** Is Elissa here. Is this once a month, once a week? **Elissa Almeter** (398) So starting a new troop, our girls go to Midway and there's not a Girl Scout troop here. It's taken me several months to get them on board and as you know, we have lots of constraints so I'm trying to have the space to spread out, so we'd like to meet twice a month if possible, if not once a month. As I understand certain Wednesday nights are available to meet, so it would be in correspondent to what's open. **Tony Harris** Yeah, we just need to coordinate that part with the office. Rob what are we doing for the other things that have meeting here as for as cleaning and stuff. **Rob Clarkson** They usually pick up after themselves. If there's an issue, we can always come back and contact them and say, hey. **Jerry Allen** How many Girl Scouts do you expect to have? **Elissa Almeter** So we went from three to nine and I anticipate we will probably stay that way for a little bit. We're doing Daisy, so just the kindergarteners.

**Tony Harris** makes a motion to approve the request with them coordinating with the office to get the available days.

**Dan Hopkins** Seconds

**All in Favor**

**Motion carries**

## Open floor

**Jennifer Gillian (2037)** I'm sure you remember you approved a past vendor fair to be held here. So I have another letter for you guys. "Dear board members, with the success of the 2020 Holiday Shores Sip n Shop, we are asking you again to allow us to host a vendor fair in the clubhouse to help out local vendors and for our community. Our 2020 event had a great turnout with over 300 shoppers supporting nearly 35 local vendors. We received great feedback from the shoppers and vendors on the event and all are anxious to attend again. We are requesting the use of the clubhouse ballroom to include the use of chairs and tables, kitchen, and available decorations to host the 2021 Sip n Shop Spring Vendor Fair. We are also requesting to use the facility on April 24, 2021, from 8am to 5pm with time following to clean up the facility. The 2020 event, the board was gracious enough

to grant a full-page ad in The Holiday Times to promote the event as well as waive all fees with the exception of security and cleanup. We would greatly appreciate it if the board would grant us the same generous offer again for the spring events. Due to COVID restrictions, we plan to address any and all concerns and take the appropriate measures to ensure all participants can safely enjoy the events. We also plan to take care of the security costs and clean up the facilities immediately after the event as has ended. And I'm available for any questions you guys have. **Anthony Harrell** This is April 24? **Jennifer Gillian (2037)** Yes, April 24. Again, a Saturday, the event we were planning to do from 10 to 4, but have the building open long enough for vendors to set up. And I know that we'd also talked about trying to do this twice a year kind of thing for spring and in the wintertime. And one of the things we talked about which we're still waiting to see, you know, depending on your decision, is also having a small section set aside for just businesses and services. So in case there are people out here, like contractors or other small businesses that may not have something to sell but have services they

## How and Why to Build a Raised Garden Bed This Season

(StatePoint) Fairly easy to construct and even easier to maintain, raised garden beds are a great way to raise plants and vegetables in the comfort and convenience of your backyard.

In a recent episode of the Exmark Original Series, “Done-in-A-Weekend-Extreme,” landscape designer and show host, Doug Scott, spoke to organic gardener Joe Lamp’l of “Growing a Greener World” about the ins and outs of raised garden beds.

Here are some of the top insights and tips Lamp’l shared.

- Why use raised garden beds? A raised garden bed can help facilitate the ideal growing environment, as most people don’t have that perfect soil naturally in their yard. Their accessibility makes them easier to work in and maintain. Plus, they’re a nice architectural design element in any landscape.

- What’s the ideal size? The main rule of the thumb applies to width. The bed should be no wider than 4 feet, as you never want to compact the soil when working. Length however, is based on personal preference and needs. As far as height is concerned, you want the roots to be able to grow out and down as much as possible -- 6-inches at minimum. While 12-inches is common, anything higher is a bonus.

- What materials work best? Treated lumber is the most readily available and economical material and will likely last the longest, however, being an organic gardener Lamp’l prefers untreated hardwood, as it lasts almost as long and doesn’t contain chemicals. Other materials you have around the home and yard, such as rocks, old tubs, etc., can work too.

- Where’s the best location? Build your raised garden bed on level ground, in full sun exposure near a water supply.

### DIY Instructions: To build a 10-foot x 4-foot x 18-inch raised bed, you’ll need:

- |  |   |  |
|--|---|--|
| • Nine 6-inch x 6-inch x 12-foot cedar timbers       | • Twenty 10-inch galvanized timber spikes | • Shovels  |
| • Tape measure, t-square and marking pencil          | • Sledgehammer                            | • Hardware cloth, wire cutters and fence staples |
| • A saw and extension cord                           | • Impact drill and long drill bit         | • Work gloves, safety glasses and ear plugs      |
| • One box of 10-inch heavy-duty exterior wood screws | • Level                                   | • Wheelbarrow (to transport soil)                |
| • Ten 24-inch x 1/2-inch rebar stakes                | • Hammer                                  |  |

1. Begin by cutting six, 6 x 6 timbers, each measuring 10-feet 6-inches in length. And six, 6 x 6 timbers, each measuring 4-feet 6-inches in length. Drill rebar holes in each timber.

2. Once the first layer of bed has been placed, leveled and squared in your desired location, fasten the corners using 10-inch wood screws. Secure the entire layer to the ground with 10 pieces of rebar.

3. Place the second layer of timbers, staggering the corners and fastening them with wood screws. Secure this layer to the first with ten 10-inch galvanized spikes.

4. Install galvanized cloth to prevent burrowing pests from eating earthworms and destroying plants.

5. Place the third layer of timbers (following above directions.)

6. Fill with soil and plants.

For more tips and complete build instructions, check out “How to Build Raised Garden Beds” by visiting [Exmark.com/backyard](http://Exmark.com/backyard). Exmark’s Backyard Life is part of a unique multimedia destination with a focus on helping homeowners make the most of their backyard. There you can also access other series, including “Prime Cuts” and “Dream Yards.”

For an amazing crop this season, take a cue from the professionals and build a raised garden bed for best results.

**Raised garden beds create visual interest and an ideal growing environment.**

## Garden Club Native Plant Community Project

(Located at the Silt Pond, North End of Lake on Biscay Drive)

Garden Club continues to seek community volunteers to assist with the Native Plant Community Project. We need **YOU** to work with us and others as we restore this natural area at the north end of the lake.

### Native Plants are Perennials

After established and mulched, they require no watering and never need spraying. They provide excellent erosion control and are very colorful all season. They attract songbirds, butterflies, and pollinators....all beneficial to the environment.

Work days are the third Saturday of April through October at 8:00 a.m. until 9:00 a.m. **AND**, on the first Wednesday of the month from 6:00 p.m. until 7:00 p.m. A time commitment of just one hour per month will make a huge impact. Men, women, and children with adult supervision are welcome. Make it a family affair!!

**Please consider adding your name to our list of volunteers for this project, or, simply drop by on one of the work days. We would enjoy meeting you!**

*Continued from Page 6*

want to offer we'll have a small section there too. **Matt Ressler** How many people did you have come through the last time. **Jennifer Gillian (2037)** We had 300 roughly. About 300 I would say estimated which I thought was great considering the pandemic crisis. It was not all at one time, it was pretty much steady the entire day. **Anthony Harrell** So how long was that one, nine to five? **Jennifer Gillian (2037)** We did do nine to five. **Anthony Harrell** And this one's gonna be different. **Jennifer Gillian (2037)** Well, we saw that it was kind of kind of trailing off by four o'clock. And I think the weather had something to do with that too, because it was rainy that day, and starting to get cold, but we figured since by four o'clock, it was just a few stragglers came in but other than that, I think some of the vendors were a little ready to pack up after that long of a day just sitting around. **Anthony Harrell** So you're thinking 10 to 4 this time. **Jennifer Gillian (2037)** I think 10 to 4 would probably be better. We're not gonna kick anybody out at four o'clock, of course. **Anthony Harrell** How do you work that with the people who come, do you guys just let them come in and set up for free? **Jennifer Gillian (2037)** Everybody paid, we had like some entertainment and we had costs. We had Wiggles come for the sipping part of the shopping, so we had to pay them for their bartender and their services. And then we had the vendor setup and for a small fee that kind of covered up our costs for the security and cleanup and paying for Wiggles. We also had entertainment that we had to pay for. Since it was our first event in years, we wanted to keep the cost low for vendors that way we could entice them to come back. And we weren't sure really what the response would be in the community since it's been a few years. **Matt Ressler** Did you charge the vendors? **Jennifer Gillian (2037)** We charged \$35 I think it was last time. **Kenneathia Hagen (1991)** We also provided packets for them as well. So in the packet, we have printing costs, each person got a coupon. And I'm trying to remember what we provided, bottled water, pens. I mean, there's a lot more that went into it than just the entertainment but we also had all the door prizes that we contributed part of that. We also paid someone to work the front door so they could give them the information when they came in on how to shop. If you want to wear your mask you can, here's you know, the different things to do. **Jennifer Gillian (2037)** And we also paid for a few young teen boys to come and help clean up. **Kenneathia Hagen (1991)** Yes, they helped put up and take down the tables, **Jennifer Gillian (2037)** Put up tables, vacuum, you know, put them to work to. **Jerry Allen** What kind of entertainment did you have? **Kenneathia Hagen (1991)** Piano Joe came in and he was here from two to four. **Jennifer Gillian (2037)** I think it was longer than that. **Kenneathia Hagen (1991)** No, he came in to set up and then came back and played. I think it was like two to five. And of course I always negotiate pricing on that. And it's just for the people shopping, that's part of what we like to do is offer as many amenities to come in, bring your friends, bring your mom. This is 10 days before Mother's Day so it should be a good time for shopping as well. **Anthony Harrell** Of the 35 vendors that you had, I know you probably don't know this exactly, but what percentage were actually Holiday Shores businesses? **Kenneathia Hagen (1991)** I would say that it was probably 70%. And I just emailed all 35 vendors yesterday with a questionnaire and basically it's just a form for them to fill out. If you were to grade the sales that you had, from a one to five, five being the best, grade that for us, would you attend another one if we did it in the spring? What would you change if anything? Were you a Holiday Shores resident or not? Were you only a vendor or were you also a customer? Do you want entertainment or no entertainment? 100% of those that came back in said they wanted entertainment, 100% that came back in gave us all a five rating on their sales. That's huge. Because I'm a vendor, I travel all over and if I don't do good at a show, then I don't go back, you know, you kind of learn where your demographic and your market is and you want to be a part of their shows. But we had, I would say probably 90% of the vendors that were here came to us and said this is the best show we've had, and we would like to come back to future shows. That's why we decided, you know, to come and ask about this spring. And we did do one, I think it was like seven years ago, that was actually out on, the weather was nice enough that we did it out on the big deck. And we had like 50 vendors at that event. And it was a great event. But again, weather permitting, we have to plan it for inside. **Brian Wood** So are you planning on the \$35

fee again for vendors? **Jennifer Gillian (2037)** Well, that depends mostly on you. But yeah, we were hoping to keep it low just because a lot of people who are vendors are very small vendors. And I know that you've been places where you probably get charged hundreds of dollars and I don't want to do that to people here, you know. **Kenneathia Hagen (1991)** And the reason that we charge a fee, and I completely understand this, is because if they do not have money in the game, let's say they wake up and go, it's raining today, I don't want to show up. I can't have an event where 50% of the people that didn't pay anything at all just doesn't show up. So when you have money involved, then you're going to make every effort to come in and at least make up for what you've paid. That's why we try to keep it super low. **Jennifer Gillian (2037)** I think it also reflects better on the event itself if we make sure that all of our tables are full because people walk in and there's a bunch of empty tables I don't think that would help. That's why we have to charge some kind of fee. Because otherwise, you know, we don't want to have people just not show up. And then our vendor fair doesn't look like a success story. **Anthony Harrell** How are you going to handle the people who have services, though? I mean, are you going to charge them the same amount of someone who's selling things? **Jennifer Gillian (2037)** No because we were gonna give them like a, let's say you two had services you wanted to do? You guys can split a table and then you could split the cost for that, or we could even do something different. That's still kind of in a planning phase. But I think it would be a great thing to offer because there were people who reached out to us with services but then they kind of backed off because they're like, well, I really don't know what I would put on the table. So that's why we thought that'd be a good choice, too. Because I know there's a lot of upcoming businesses in the area. **Brian Wood** What's the cost typically for the page in The Holiday Times? **Karla Suttles** Full page color would be \$250. **Matt Ressler** Could I ask you guys, next time you guys bring this to the board to submit it ahead of time instead of coming in and catching us of guard. **Jennifer Gillian (2037)** Oh, of course, that wasn't my intention. **Matt Ressler** You did that the last time too. **Kenneathia Hagen (1991)** No we didn't, we submitted a letter before, the letter was there the week before. And the reason why we came tonight is because it is open floor. **Matt Ressler** Well, that way we get a way to research it. **Jennifer Gillian (2037)** Yeah, sure. **Anthony Harrell** Well, I think it sounds like it was a great event, promoted local businesses at a time that local businesses are struggling so I don't have an issue with this. **Jerry Allen** I was just thinking that we just allowed a group to create a Welcome Wagon type of thing when people come to our community. I wonder if they'd be interested in at least having a table or being at the event? **Jennifer Gillian (2037)** That's a good idea. **Kenneathia Hagen (1991)** I've already reached out to Linda. Yes, she's very interested in that. **Jerry Allen** That's awesome. **Dan Hopkins** Makes a motion to go ahead and accept it. **Jerry Allen** Seconds **Anthony Harrell** Any further discussion? Comments? **Kenneathia Hagen (1991)** And we are right here if there's a comment, I mean, we're happy to answer any questions you have. **Brian Wood** I think one thing of concern, because it's the communities, you know, this belongs to the community it doesn't want to us, is just making sure maybe we can document your guys costs. Because if you guys, and I'm not saying you did, but if someone were to come in and request this, and they'll put \$1,000 in their pocket, but we're given everything for free, well, then that would cause some concern for us. So if maybe you guys could document your costs of what you're paying for entertainment and to Wiggles, and all that on this one, then in the future that would you know, if it shows you guys didn't make any money at all, which we're not saying you did on the last one. But that would you know, it would be just a document that will look better, it would make us more at ease. We saw it on paper and said, yep they didn't make anything, then we're good to go. **Kenneathia Hagen (1991)** So is that the biggest concern is that you think that we've made money off of it? **Brian Wood** No, we don't think so, but we have to do this for every person that comes in and requests this, we have to make sure people aren't coming in here and making a profit because we're donating it for free. And we're not saying you did, but we have to ask those questions for everybody because if we don't, then people will take advantage. **Kenneathia**

# HOLIDAY SHORES Garden CLUB NEWS

By: Joyce Brendle

[www.holidayshores.us/garden-club](http://www.holidayshores.us/garden-club)

The facing page to this article highlights the upcoming Annual Plant Sale on Friday, May 7, 4:00-7:00pm, and the opportunity to place an order for the popular geraniums that many of you purchase each year. Since last year's sale was cancelled due to the pandemic restrictions, we are very hopeful that our plans can proceed this year. We hope to hold the sale at the Firehouse in conjunction with the Annual Fish Fry sponsored by our Volunteer Fire Department. As the date gets closer and as we continue to be advised of pandemic recovery guidelines, please watch for updated information on the marquees throughout the community. The work we do here in Holiday Shores would not be possible without the financial support of our community. So please mark your calendars to come out on May 7 and support both the Fire Department and Garden Club!!

**Our first meeting of the year is scheduled on Monday, April 19, 7:00pm, at the clubhouse.** The main focus of our business this month is "Plant Sale Preparation and Update". As our only fundraiser each year, it takes the efforts of all our members to ensure a successful sale. Visitors are always welcome to attend any of our meetings.

As we transition from winter into spring, many of us look forward to the bright blooms of the bulbs that return year after year. The early spring crocus bulbs and daffodil greenery (soon to produce its bright yellow flowers) pictured here are always a welcome sight!!

The Native Plant Community Project at the north end of the lake on Biscay Drive has been one of Garden Club's major endeavors over these past few years. **Community volunteers are needed to help restore and maintain this natural area.** Please refer to the recruitment ad found elsewhere in this issue. Spring cleanup begins this month – Wed. April 7, 6-7pm and Sat. April 17, 8-9am.

Garden Tip: Hardy annuals such as geraniums and petunias can typically be planted by late April. A light frost usually does them no harm, but a freeze will. If you're anxious to plant your containers or hanging baskets, remember to move them into the garage if a freeze is expected.

# Holiday Shores Garden Club Annual Plant Sale - Friday, May 7, 2021

After a very unusual 2020 and a long, cold winter inside, it's time to look forward to Spring. And with the onset of Spring, you'll be thinking about your yard and landscaping. The Garden Club is here to help with your annual plantings and is taking pre-orders for Geraniums. Bloomers Landscaping and Botanicals of Grantfork, IL will provide quality Zonal Geraniums in 4-inch pots again this year in the standard colors as well as new exciting colors never before offered. These plants are perfect for landscape beds, container and hanging basket plantings.

Please fill out this form below and make your check payable to:  
**Holiday Shores Garden Club**

Friday, April 16, 2021**

**Please mail to: Kathy Wilhite  
P.O. Box 953  
Edwardsville, IL  
62025**

Thank you for supporting our Annual Fundraiser! All proceeds from this event will go towards beautification and continued maintenance of Holiday Shores Gardens. Look for reminders posted on the marquees throughout the community.

Continued from Page 11

**Hagen (1991)** I mean, we'd be happy to turn this over to someone else to actually organize and put it all together and we will help coordinate it if that's what you want. **Brian Wood** No, nobody's saying that. **Tony Harris** That's not really the issue. It's just, you know, if you're charging for the vendors, and the money's coming in, then it just raises the question of if we're then donating the space, the rental, and the ads and the different stuff. Are we donating money, and then a member is making a profit off it? **Kenneathia Hagen (1991)** Right no, I understand that. **Brian Wood** Just show us the cost versus what you made, and you know, cover your cost. **Jennifer Gillian (2037)** OK sure. **Dan Hopkins** We're covering the cost of your party. **Kenneathia Hagen** Right, right. No I get it. **Matt Ressler** That's my concern. **Kenneathia Hagen (1991)** We have no problem doing that then. **Brian Wood** I'd say after this one, if we could just keep track of that. And then when you submit the proposal, just with a page saying, this was our cost, this is what we made, this is what came in and we actually lost 20 bucks or something like, you know, 100 bucks **Jennifer Gillian (2037)** Sure **Brian Wood** If we had that with the proposal, it'd be a no brainer. **Jennifer Gillian (2037)** Easy enough. **Kenneathia Hagen (1991)** Absolutely. And one other request is, if we could get it on the marquee like before, so those who don't read The Holiday Times will see it. **Rob Clarkson** I won't guarantee that, depending on room, we got Meet the Candidates and all that stuff in April. If there's room, I'll get you on it. **Kenneathia Hagen (1991)** Okay **Anthony Harrrell** Okay, so we got a first and a second, any other discussion.

## All in favor

## Motion carries

**Annual Assessment Drawing – Winner - John B. Schulte**

## Old Business

### Daily Creel limit

**Anthony Harrell** We need to vote on the proposed rule change for the daily creel limit. We decided to change the creel limit to: Largemouth Bass 3 -14" minimum length, Smallmouth Bass 1- 18" minimum length, Hybrid Striped Bass, And Striped Bass 1- 20" minimum length Catfish (All Species) 3- 14" minimum length Crappie (All Species) 20- 8" minimum length (Currently no limit until 2022) We've had this written and posted, and now we just need to vote to adopt the new creel limits.

**All in favor**

**Motion carries**

## Roadway improvement committee proposal

**Jerry Allen** No update from the committee yet. As I said last meeting, they're working on determining the exact costs for each member. And we should have that done by the end of this month. So at the next meeting, I should be able to provide you guys all the data behind it.

## Unkempt properties

**Anthony Harrell** We are trying to improve the way the community looks, and we were reviewing some photographs as a board to try to provide training for what public safety can look for and write tickets for. And after reviewing the way that our rules are actually written for unkempt properties, we need to have a discussion on how those are written and they're kind of vague. If we want to strengthen the wording I want to open up the discussion for the unkempt properties **Brian Wood** I think one of the things we talked about was the wording. I think is good for materials and vehicles that we looked at so we just need to update possibly the rules on overgrown properties and maybe even more specific on the properties and actually put in a limit on grass height and provide examples possibly of other overgrown properties that would be a violation. **Anthony Harrell** So the derelict vehicle, that's pretty clear. Tony you want to read that on unkempt properties. **Tony Harris** Members shall ensure their property is neat and orderly. The keeping of an unkempt or unsightly property or neglecting to maintain one's property may result in corrective guidance and/or punitive measures by Holishor Association. Unkempt or unsightly properties shall be those lots whereby goods or materials of any kind are stored or are allowed to collect in view of other members and the general public in such a manner as to appear uncared-for, cluttered, or messy. Unsightly properties may also include those with overgrown or neglected landscaping and gardens. Landscaping, gardens, and any other ornamental devices shall be in good taste so as not to be offensive to the community in general. **Anthony Harrell** So when it says, to make it appear uncared for. So that's very interpretive, it would depend on who's looking at it. For example, if you have a tree with saplings that are grown around it, you know that the tree hasn't been trimmed around for a while, so you have smaller trees growing out of the base of another tree. You may say that looks uncared for, but the owner may say, well, I like it that way. If we want to start writing violations for some specific things like that, we need to make a rule change and then put it out there for the membership

to see and talk about. If anybody's up for the task or trying to put some verbiage together, I'll entertain that. One of the things that we were looking at was specifically the additional trees growing around the base of a big tree. If there's saplings in there, we don't really have anything that says saplings grown up around boats. **Brian Wood** So we need some kind of wording as far as undergrowth or something like that to where we can enumerate it specifically. Just so it's more clear. So if we do go to enforce it, then there's no questions about what it is that we're enforcing. We'll have to do some research on some wording on that and come up with something more specific than what we have. **Anthony Harrell** One of these pictures that I have here we're showing a lot that has a boat parked in the lot and the lot has basically just been allowed to go back in the wild. So there's little honeysuckle trees and everything growing in the lot. I don't know how we write that up. **Brian Wood** And then if you put the examples in there like that, you're going to have to have a clause at the end that says, or any other properties deemed unsightly by the board or the lake manager, whoever, because if you don't have it specifically enumerated and if we're putting examples in there, and you don't put everything you can think of somebody's going to come up with something, and they're going to say, well, it doesn't say that. **Anthony Harrell** So that's kind of where we are now. **Tony Harris** Put a clause in there somewhere, something like included but not limited to. **Matt Ressler** Does someone want to work on the verbiage for that? **Brian Wood** I can do something with it. **Tony Harris** I can help. **Brian Wood** Yeah, that's fine. **Anthony Harrell** All right. Thanks, guys.

#### NEW BUSINESS

##### Reserve items approval

**Anthony Harrell** Rob, do you want to run through this? **Rob Clarkson** A few things that need attention that we need to talk about. Ballroom carpet, tennis courts, salt spreader, the repower of the Sea Ark patrol boat, the pavilion at the clubhouse. We would like to get rid of 2 of our trucks and replace it with one and the public safety vehicle. **Anthony Harrell** Tony, what do we need to do with this?

**Tony Harris** Motions to approve the reserve items spending contingent on getting quotes and further discussion.

**Brian Wood** Seconds

**All in favor**

**Motion carries**

**Anthony Harrell** Do we need to do anything with the Sea Arc motor right now?

#### OPEN FLOOR

**Anthony Harrell** Okay, I'll open up the open floor if anybody has anything they want to talk about. Anybody from the audience have anything. Anybody else have any topics they want to talk about?

**Tony Harris** Makes a motion to adjourn to Executive Session

**Dan Hopkins** Seconds

**Meeting adjourned at 7:45 p.m.**

**Meeting Minutes submitted by Karla Suttles**

## SHAKE UP YOUR MORNING

(Culinary.net) Some mornings can be such a drag and make you feel exhausted. On those days, it looks like everyone is moving slow (especially the kids), getting ready seems like a big chore and making a wholesome and hearty breakfast feels nearly impossible.

You look at the clock and minute by minute you're running even more behind. There is no time for a big breakfast with syrups and jams. You're in a pinch but you need something fast, nutritious and filling for you and your loved ones.

Freshen up your morning with this Frothy Banana Shake, which is a simple and perfect on-the-go breakfast option. It's healthy with fresh bananas, sweet with a hint of vanilla and frothy with blended dairy products.

To make this shake, add three cups of milk, frozen bananas, vanilla and almond extract to a blender. Blend the ingredients together until smooth.

Pour into your favorite glass or to-go cup, dust with cinnamon and garnish with a banana slice.

This recipe is so simple and can be made in a hurry. Even the little ones can help with pouring the ingredients and pushing a button to blend if you have a little extra time for a lesson in the kitchen.

This is something you can make while on your way out of the door. There is little clean up and it's something kids enjoy at home or on their way to school. Find more easy, on-the-go breakfast recipes at Culinary.net.

## FROTHY BANANA SHAKE

Servings: 2-4

- 3 cups milk
- 2 frozen bananas
- 1 teaspoon vanilla extract
- 1/2 teaspoon almond extract
- cinnamon, for garnish
- banana slices, for garnish

In blender, blend milk, frozen bananas, vanilla extract and almond extract until smooth.

Pour into glasses, dust with cinnamon and garnish with banana slices.

# Smoothie Time

## SLURPING ON SUNSHINE

## DRINK YOUR WAY TO DAILY WELLNESS

(Family Features) Committing to a daily wellness routine may include many components from eating healthy and exercising to meditating and achieving quality sleep. For some, the most difficult of these goals is changing eating habits to consume more nutritious foods.

However, rethinking the way you eat (and drink) doesn't have to mean a colossal shift in your diet. According to Healthline, clean eating and the addition of a small amount of apple cider vinegar to your daily routine can help support healthy digestion, weight range maintenance, healthy glucose levels and a functioning immune system. In fact, some experts recommend consuming 1 ounce of apple cider vinegar each day as a shot or part of a recipe.

Consider an apple cider vinegar option from Marukan, which has brewed premium vinegars for 370 years, to create dishes from breakfast to dinner. Start your day by enjoying this Blueberry Apple Cider Vinegar Smoothie that takes just 5 minutes to make so it doesn't throw off your morning routine.

## BLUEBERRY APPLE CIDER VINEGAR SMOOTHIE

Total time: 5 minutes

Servings: 2

- 1 cup spinach
- 1/2 cup water
- 2 tablespoons Marukan Organic Apple Cider & Rice Vinegar Drink Blend
- 1 tablespoon almond butter
- 1/2 cup bananas, frozen
- 1/2 cup blueberries, frozen
- 1 tablespoon chia seeds
- 1/4 teaspoon cinnamon, ground
- 1/4 teaspoon ginger, minced
- 1/2 cup almond milk yogurt, plain
- fresh blueberries, for garnish

In blender, blend spinach, water, organic apple cider, almond butter, frozen bananas, frozen blueberries, chia seeds, cinnamon, ginger and yogurt until smooth. Pour into two glasses and garnish with fresh blueberries.

(Culinary.net) It's that time of year again when nearly everyone wants to be outside all day, every day. These are the times kids have been waiting for all year long.

The sun is shining bright in the sky, the flowers are blooming and the temperature is rising every minute. Spring and summer are typically full of fun, laughter, family and friends – not to mention great recipes everyone can enjoy indoors and outdoors throughout the warmer months.

Try this Sunshine Smoothie for something cool and refreshing during the sunny seasons. This recipe will have nearly everyone feeling re-energized and ready for more warm weather. It's a perfect afternoon pick-me-up after a long day of yard work, sunbathing or swing-set climbing. It can cool you down and has a fruity flavor that is almost irresistible.

When thinking about recipes to try this spring, consider taking advantage of fresh fruits and vegetables at grocery stores and farmer's markets. There can be so many wonderful flavors to try. For example, this recipe includes grapefruit (a less commonly used fruit), fresh orange and ripe bananas.

With the heat coming and fresh ingredients available, this smoothie may quickly become one of your family's new favorites. It's light, smooth and has that fresh fruit taste you often crave when the sun is blazing.

To make this recipe, blend 2 cups of grape juice, 2 cups of orange juice, two ripe bananas, 1 cup of vanilla yogurt and 1 teaspoon of vanilla extract until the ingredients are smooth. Be sure to serve cold.

It'll be nearly impossible to resist a sweet, bright and creamy smoothie after a long day of play out in the sun.

Find more seasonal recipes and ideas at Culinary.net.

## SUNSHINE SMOOTHIE

Servings: 2-4

- 2 cups orange juice
- 2 cups grapefruit juice
- 2 bananas, peeled and cut into chunks
- 1 cup vanilla yogurt
- 1 teaspoon vanilla extract

In blender, blend orange juice, grapefruit juice, banana chunks, yogurt and vanilla extract until smooth. Serve immediately. Note: If smoothie is too tart, reduce to 1 cup grapefruit juice.

# Board of Director's Candidates

## Shaun Diltz - 695 Boulevard de Cannes

My name is Shaun Diltz, I have lived in Holiday Shores since 2004. My daughters were born out here and we love this community. I currently work as a Product manager, building geospatial software in the crop science division of Bayer. Before that I owned a construction company, built homes, and was a communications Sgt in the Illinois National Guard where I deployed to Afghanistan. I was on the board previously from 2016 to 2019 as Secretary and Treasurer. I'm currently president of the fishing committee and a member of the IT committee. I had a good experience in my previous term and learned a lot. I don't have an agenda on why I'm running currently, I just want to support the community. Ditching, drainage, roads, silt prevention, and silt removal are some of the issues facing our lake community and I'd like to assist the members where I can. Thank you for your consideration.

## Shawn Hagen - 1991 Treasure

I have lived in Holiday Shores now for 20 plus years. I have actually spent quite a few summers on the lake as a kid at my Aunt Donna and Uncle Ronnie Kinder's. You may know Aunt Donna from her years at the water department. Prior to moving to the shores, I sat on the board for another lake community in Ohio, Club Island Association, on Grand Lake St. Mary's. Some of you may also know me as I may have cut or trimmed your trees when I owned Hagen's Outdoor Tree Service here at the lake. My wife, Kenneathia and I live on the lake and we try to put our best foot forward for the community in hosting a variety of events at our house on The Point that I hope you have participated in. I currently am employed with a global company running the sales division for the western half of the United States. Previously, I was President and Partner of a machine tool distribution company for the last 12 years. I have a Master's Degree in Executive Management from Ashland University in Ohio. My undergrad was at Eastern Illinois University. I'm running for the board of directors with no agenda in mind. I am someone that has a good voice of reason with a business background. I feel logic verses rules should prevail in the decision making process. I feel it is important that a board member actually resides in the community so they are part of the culture. I don't think it is a good idea for a board member to simply own a lot yet have the ability to set policy while not fully vested in the community. I now have my own kids with homes and living around the lake that I want to see flourish in this lake community. Go Cards!

## There is still time to submit your application to run for the Board of Directors

### Deadline is April 5, 2021

In the spirit of a *community team*, you are being asked to step up and run for a seat on the Board of Directors. Do you have an interest in being a part of the team that makes decisions affecting the manner all families live within our community?

This is a commitment not to be taken lightly, however, enhancing the chosen life-style of our members and taking the community forward will be rewarding.

# Indeed, He Has Risen!

## *1 Corinthians 15:3-8, 12-23*

<sup>3</sup> For what I received I passed on to you as of first importance: that Christ died for our sins according to the Scriptures, <sup>4</sup> that he was buried, that he was raised on the third day according to the Scriptures, <sup>5</sup> and that he appeared to Peter, and then to the Twelve. <sup>6</sup> After that, he appeared to more than five hundred of the brothers at the same time, most of whom are still living, though some have fallen asleep. <sup>7</sup> Then he appeared to James, then to all the apostles, <sup>8</sup> and last of all he appeared to me also...

<sup>12</sup> But if it is preached that Christ has been raised from the dead, how can some of you say that there is no resurrection of the dead? <sup>13</sup> If there is no resurrection of the dead, then not even Christ has been raised.

<sup>14</sup> And if Christ has not been raised, our preaching is useless and so is your faith. <sup>15</sup> More than that, we are then found to be false witnesses about God, for we have testified about God that he raised Christ from

the dead. But he did not raise him if in fact the dead are not raised. <sup>16</sup> For if the dead are not raised, then Christ has not been raised either. <sup>17</sup> And if Christ has not been raised, your faith is futile; you are still in your sins. <sup>18</sup> Then those also who have fallen asleep in Christ are lost. <sup>19</sup> If only for this life we have hope in Christ, we are to be pitied more than all men.

<sup>20</sup> But Christ has indeed been raised from the dead, the firstfruits of those who have fallen asleep. <sup>21</sup> For since death came through a man, the resurrection of the dead comes also through a man. <sup>22</sup> For as in Adam all die, so in Christ all will be made alive. <sup>23</sup> But each in his own turn: Christ, the firstfruits; then, when he comes, those who belong to him.

## What Does 5G Tech Mean for You?

(StatePoint) By now, you've heard about 5G or might have access to it on your smartphone, but do you know what it is, how it works or what it can do for you?

5G is the next generation of wireless technology, building on its predecessors 2G, 3G and 4G, and is available on today's smartphones to make and receive calls, run applications and send and receive data.

This fifth-generation technology is a massive leap into what is possible in wireless. 5G is expected to deliver faster speeds and enhanced connectivity, giving businesses and consumers alike the potential to develop and experience new, innovative technologies.

Here are five things you may not know about 5G:

**1. 5G improves overall wireless coverage:** 5G can deliver better, more efficient coverage in both breadth and depth. Depending on where it's deployed by wireless operators, it can reach cities and towns that were previously lacking wireless access. Providers like T-Mobile are committed to providing 5G access to rural America, and already cover more than 287 million people across more than 1.6 million square miles.

**2. Different types of 5G can support where you live:** Providers deploy different levels of wireless spectrum – low, mid and high – with the ability to provide coverage and capacity whether you live in the city, the suburbs or a rural community. For 5G, low-band spectrum provides far-reaching coverage outside, and reaches indoors with speeds that are slightly better than LTE; mid-band provides blanket coverage across large areas with fast speeds, making it the “goldilocks” of spectrum; and, high-band – typically available in select urban areas –

provides super-fast speeds over short distances, but needs line of sight to the device and doesn't pass through physical obstructions.

**3. 5G will create “smarter cities”:** From monitoring pollution or traffic levels to optimizing energy use or self-driving transportation, 5G can enable applications that urban cities and small towns alike can use to live smarter.

**4. 5G unlocks technology developments for industry:** With 5G connectivity, and new applications to support certain industries, businesses and industries can evolve to meet the needs of a connected world. Imagine farmers utilizing sensors and drones to enhance the agriculture community, or businesses using real-time language translation, or even enhanced location services to improve first responder times to save lives.

**5. Virtual and augmented reality or holographic scenarios:** 5G gives us the ability to transform where and how we experience our lives. Imagine having virtual reality access to live concerts and sports games, using holographic telepresence to be a part of your family's birthday party in another state, or having real-time driving data like traffic or road conditions displayed on your car's windshield as you drive.

The possibilities with 5G are endless and will offer individuals and businesses the ability to do and experience the world around them in ways they couldn't before.

From 5G-enabled smartphones to the latest connected devices, check with your wireless provider to see how you can get the most out of 5G technology where you live.

# HOLIDAY SHORES FIRE DEPARTMENT

## *Firefighter's Footnote*

**Firefighter's Footnote** Finally, spring is here! It's been a long winter, made especially harder by being confined indoors. At last, businesses and restaurants are open to the public and with the warmer weather, we are able to get outside more.

Once again, we will have our annual Fish Fry and BBQ fundraiser on Friday, May 7 from 4pm-8pm. We will serve fish, BBQ pork steaks, brats, and foot log hot dogs. Potato salad and our famous slaw will also be available. You can pre-order or just show up. We will hold this event as safely as possible with more details to follow next month. A few years ago we were able to purchase a new engine for the department, and last year we were able to place an order for a new tender. We sold a 20 year old truck to make room for the new one, and if all goes

well, we should have the new tender delivered in time for the fish fry for everyone to see! We held a CPR class this past month and practiced our Pump Operations.

Coming up in May we will hold a Search and Rescue training along with practicing our Building Evolutions. This will be done in a vacant house and after that, we have obtained a permit to burn the building for a controlled live fire training. Over the last month, we responded to 27 calls: 13 EMS calls; two runs each for brush fires, motor vehicle accidents, smoke detector alarms, and mutual aid at another department; and one run each for a building fire, vehicle fire, smoke/odor removal, lift assist, false alarm, and CO detector alarm. If you want to be part of our department or just see what we do, stop by on Monday evenings from 7pm-9pm. You can call us at 618-656-6673, check us out on our website at [www.hsfd.org](http://www.hsfd.org), or follow us on Facebook.

## Mandarin Orange Salad

¼ cup sliced almonds  
1 TBSP plus 1 tsp. sugar  
¼ head iceberg lettuce, torn into bite size pieces  
¼ bunch romaine lettuce, torn into bite sized pieces

2 medium stalks celery, chopped (approx. 1 cup)  
2 green onions (with tops), thinly sliced  
Sweet-Sour Dressing (See below)  
1 can (11 ounces) mandarin orange segments, drained

Cook almonds and sugar over low heat, stirring constantly, until sugar is melted and almonds are coated. Cool and break apart. Store at room temperature. Place lettuce and romaine in plastic bag; add celery and onions. Pour Sweet-Sour Dressing into bag. Add orange segments. Close bag tightly and shake until greens and orange segments are well coated. Add almonds and shake.

Sweet-Sour Dressing  
¼ cup olive oil  
2 TBSP sugar  
2 TBSP cider vinegar

1 TBSP snipped parsley  
1 tsp. salt  
Dash pepper  
Dash red pepper sauce (optional)

Shake all ingredients in tightly covered jar and refrigerate.

**DO-AHEAD TIP:** Before dressing is added, bag of salad greens can be closed tightly and refrigerated no longer than 24 hours.

**Pineapple Salad:** Substitute 1 can (13 1/4 ounces) pineapple chunks, drained for the mandarin oranges and snipped mint leaves for the parsley. Recipe can be doubled and tripled. Serves: 4-6 **ENJOY!!**

Recipe from Betty Crocker Cookbook. Shared by Deb Jennings HSFD

## 2021 DECALS

As soon as your 2021 Dues & Assessments are paid in full you can come into the office & pick up your 2021 decals. 2020 Decals Expire April 30, 2021

Lot numbers and decals need to be present on ALL watercraft and slow moving vehicles.

This includes all non-motorized watercraft (kayaks, canoes, paddle-boards & paddle-boats). You must bring your current watercraft registration and proof of \$300,000 liability insurance on the watercraft to receive your motorized watercraft decal.

Slow Moving Vehicle decals are \$15 annually.

The state requires driver to have a valid driver's license and proof of minimum liability insurance coverage be carried within the vehicle.

# Birds Attacking Your Windows?

## Here’s How to Stop It

(StatePoint) If you’ve ever noticed a bird attack your windows, you may wonder why this strange behavior is occurring. Beyond the potential disruption it might cause your family, repeated attacks can be harmful to birds. Understanding the problem however, can help you put a stop to it, and better protect the birds nesting on your property.

### The Problem

Many birds will stake out a territory, perhaps by your home, and vigorously defend it. If a territorial bird discovers its reflection in your window, it may perceive this reflection to be another bird competing for its territory and mate, compelling the bird to attack. This attack of its own reflection can take the form of pecking or scratching at your window, as well as flying up and banging into your window. When repeated, these actions deplete a bird’s energy and put its health and the health of its nesting young at risk. Though this can occur at any time of year, it happens most often in spring, with males.

JillianCain / iStock via Getty Images Plus

### A Solution

You can help stop this problem from occurring. One good solution designed to do so is Stop Bird Attack, a removable, white coating that may be sprayed on any window. It eliminates the bird’s window reflection, calms the bird and stops the attack. Effective for Northern Cardinals, American Robins, California Towhees and other territorial birds, Stop Bird Attack is made by WindowAlert, a brand that also makes bird window decals and UV Liquid products that help prevent bird strikes (another common hazard to birds). More information can be found by visiting windowalert.com.

### Take it a Step Further

While you are at it, consider other dangers to birds that you can eliminate on your property. For example, by swapping out conventional pesticides with essential oils, you can ward off pests in your garden without putting birds at risk. You might also try keeping pet cats indoors or in an enclosure to prevent them from attacking birds.

“While your home’s windows can be an unexpected hazard to birds, it’s important to be aware of the easy solutions that can help keep them safe this spring nesting season and beyond,” says Spencer Schock, founder of WindowAlert.
